

## DR SMASH EXTERNAL ASSESSMENTS MODULE • AN INDUSTRY FIRST!

### DID YOU KNOW?!

#### STAY AHEAD OF THE FLEET

Dr Smash has direct integration with Audatex, and we are the Only Body Management System to have this facility controlled and managed by our own working environment, leaving our clients with the ability and confidence that their data and costings are always safe and up to date at all times.

### VISUAL!

#### EASY TO USE, COLOUR-CODED INTERFACE

### PRODUCTIVE!

#### AN OVERVIEW OF THE PROS

- ✓ View Quotes (Shells) unassigned
- ✓ View & import assessments directly into DrSmash
- ✓ Automatically create your quote & job card seamlessly
- ✓ Monitor Colours and update Extras authorized for the job
- ✓ Monitor and update Price differences for your job
- ✓ Shows any updates automatically
- ✓ Color code controls of progress or changes for each job

### EFFICIENT!

#### FURTHER ADDED BENEFITS

- ① Monitor External Assessments automatically from within DrSmash without the need for Audatex to be installed on each workstation.
- ① Import your assessments and even update your DrSmash Final Repair Calculations at any point through the job LIVE.
- ① No More PDF importing is needed, adding accuracy and consistency.
- ① Your workload will be greatly reduced, and your workflow improved, as you utilize our Audatex / External Assessment Module.

## DATA IS Gold!

Did you know that your Data is one of your biggest Assets?

At Dr Smash we believe that you have the right to control your own data & who it is shared with

Due to this Dr Smash gives you the tools to share specific data, through controlled facilities that follow the rules you have set. This means no direct 3rd-party access to your Data. Your Data is only shared if you choose Who, How, What, How Often, and are you willing to send your Data.

Giving your control over your Golden Asset!
